ROOSEVELT HAS PLEA FOR PEACE IN LABOR WORLD

Sends Letters to Heads of Rival Unions Asking Cooperation

Miami, Fla., Feb. 25.—(AP)—President Roosevelt, in letters today to the heads of the country's rival labor organizations, said labor "faces a challenge in finding itself divided into opposing camps" and called upon them to name a committee to negotiate peace.

In letters to John L. Lewis, chairman of the Congress of Industrial Organizations, and William Green, president of the American Federation of Labor, identical except for the final paragraph, he declared the American people "sincerely hope that a constructive negotiated peace with honor may come about between the A. F. of L. and the C. I. O. within the early months of the new year."

"The secretary of labor," he added in the letters made public at the temporary White House here, "tells me that after careful investigation and prolonged conversations with respective leaders in both groups there appear to be no insurmountable obstacles to peace and that in fact there is a real and honorable desire for unification in the labor movement among all parties concerned."

President Still at Sea

The president was still at sea aboard the cruiser Houston when his letters, making a dramatic plea for labor peace, were given out by Acting Secretary William Hasset.

In asking the C. I. O. and A. F. of L. at loggerheads nearly three years over the organization of labor by industry and by craft, to appoint committees to negotiate "terms of peace," Roosevelt based his request on four grounds:

First, because it is right.

Second, because responsible officers in both groups "seem to be ready and capable of making a negotiated and just peace."

Third, because "your membership ardently desire peace and unity for the better ordering of their responsible life in trade unions and in their communities."

Fourth, because the government of the United States and the people of America "believe it to be a wise and almost necessary step for the further development of the co-operation between free men in a democratic society such as ours."

In the final paragraph of each letter, the president expressed hope he would very shortly receive a reply giving the name of the peace committee members.

To Lewis he said: "In addressing this letter to you, my dear John, I have great satisfaction in knowing I am dealing with a man whom I respect, a man of honor, intelligence, and good will."

To Green, he concluded: "It is with confidence that I write you, dear Bill, as a man of good will, of experience and high principles."

The president said the opportunities for a united and vital labor movement to make a contribution to American life of help to the people and future generations "were never better."

He added that the National Manufacturers association recently made a statement "expressive of a better understanding of the problems of labor relationships and of their willingness to work with labor in a realistic effort to improve their mutual relations and to better general working conditions."

Princeton Has Offer For Mayor's Job But Comes From East

Princeton, Ill., Feb. 25.—(AP)—Princeton finally had a candidate for mayor today—but he lives in Philadelphia, Pa.

The Associated Press carried a story yesterday that there were no candidates in sight, with the primary election Tuesday and two to be nominated.

Mayor Floyd Avery, who is not a candidate for re-election, received this telegram today:

"Saw your advertisement in the Evening Bulletin. Wish to have my name placed on your ballot for mayor of Princeton. Trusting to get prompt and favorable reply and transportation to your city."

It was signed M. Naimo, Philadelphia, Pa.

Avery telegraphed the following reply:

"Appreciate your kind offer. People say a prominent citizen will be drafted to the position. I am glad. Now I can attend to my stamp collecting. If no prominent citizens get sufficient votes every effort will be made to raise money for your transportation."

News Oddities

Bits of the Unusual Reported by Associated Press

Los Angeles, Feb. 25.—(AP)—Married in a double ceremony at Pana, Ill., two couples will observe their golden wedding anniversaries here tomorrow. They are Mr. and Mrs. John G. Metzger and Mr. and Mrs. Joseph Weber.

High Point, N. C., Feb. 25.—(AP)—Two tailors made a pair of trousers so large both could get into them at the same time.

They did—and had their picture taken in triumph.

But the customer wouldn't accept the trousers. The 66-inch waist was too tight.

Trinity, Tex., Feb. 25.—(AP)—Fire broke up the silver jubilee celebration of the volunteer fire department.

Just as speakers concluded praising the volunteers, a blaze started a block away.

The firemen quenched it in record time and sped back to the frolic.

Rexburg, Idaho, Feb. 25.—(AP)—Four years ago while Earl Nelson was out driving, his mare became ill with the colic. Released from harness, the horse lay down, rolled over, groaned, jumped up and galloped off down the highway.

This week Nelson, answering an estray notice, found the animal impounded here. Harness marks showed someone had been working her since 1935.

Germans Act To Speed Jews Out Of the Country

Berlin, Feb. 25.—(AP)—The Berlin police authorities today acted to speed emigration of Jews by serving notice on the Jewish community of the city that it must furnish each day the names of 100 Jews who then will be required to leave the country within two weeks.

The order is to take effect Monday.

Some new measure against the alleged enemies of the Nazi regime had been expected today following a double-barreled attack on "German-haters abroad" and opponents of the regime at home delivered by Chancellor Hitler and his minister of propaganda, Paul Joseph Goebbels.

Today's police notice provided that as soon as the 100 names are furnished, the necessary deductions for taxes, the billion-mark fine levied on Jews last November after the killing of Ernst Vom Rath in Paris, the capital flight tax and a special levy for the support of aged Jews unable to emigrate will be taken from the fortunes of the nominees.

They then will be handed their passes and told to obtain a visa to some other country within 14 days.

The order caused consternation in Jewish circles, which had hoped the Reich would permit them to wind up their affairs normally without undue pressure.

Leaders of the Jewish community said they could name only 300 or 400 Jews of whose ability to leave within a fortnight they could give assurance.

Viola Township Farmer Passed Away Yesterday

Slayer Granted 15th Reprieve: Says "Lord Told" In Advance

Holidaysburg, Pa., Feb. 25.—(AP)—Twenty-six-year-old Roy Lockard, who said "the Lord told me" he would be saved, has escaped again in his grim game of tag with death—at least temporarily.

The former Altoona, Pa., WPA worker who was convicted of fatally stabbing a four-year-old boy with a railroad spike and sentenced to die in the electric chair was granted another reprieve, his 15th, late yesterday by Governor Arthur H. James.

The stay until March 27 was granted to allow further medical and mental examination of the dapper young prisoner.

Still jaunty and neatly dressed, Lockard has grown a trim mustache and now reads the Bible. He has gained 15 pounds.

Lockard and Mrs. Margaret Karmendi, wife of an Altoona silk mill worker, were convicted of slaying little Matthew "Sonny" Karmendi, Jr., the woman's son. The state charged she held the boy while Lockard struck him with a spike. Twice sentenced to die, Mrs. Karmendi won a third trial and was sentenced to a 10- to 20-year prison term for second degree murder.

The boy was slain, the prosecution charged, because he disclosed the couple's "dates" by his childish prattle.

IOWA PURVEYOR OF 'HOT' GOODS CAPTURED HERE

Tip From Motorists to Patrolmen Results in Apprehension

William Craig Whitney, alias Everett Larson, 34, Des Moines, Ia., son of a former prominent Iowa publisher, was arrested yesterday afternoon by Patrolmen John Bohnstiel and Harry Jense on Seventh street and Ottawa avenue, as the Iowan sought to "hitch-hike" a ride to Chicago, and today is being held at the county jail awaiting the arrival of Iowa authorities. Officers from Cedar Rapids were expected to arrive late today armed with warrants for Whitney's return, he having waived extradition.

A tourist couple stopped their car yesterday afternoon on Galea avenue and notified Patrolman Bohnstiel of Whitney's presence in Dixon. They had provided him transportation from Waterloo, Ia., to Dixon, they stated. A heavy grip which the hitch-hiker carried, the couple reported to the officer, contained numerous surgical instruments and a large quantity of valuable perfumes, which he had attempted repeatedly to dispose of to them for a small consideration.

Admitted Goods Stolen

Questioned by the couple, Whitney was reported to have admitted that the surgical instruments were "hot" or stolen, and said he was attempting to dispose of them. The couple made a pretense of remaining in Dixon over night to rid themselves of their passenger and then reported the incident to Patrolman Bohnstiel. He and Patrolman Jense began a search for the hitch-hiker and located him in the east section of the city, seeking transportation to Chicago, and took him in custody.

At the police station when questioned, Whitney was said to have told the officers that the surgical instruments and perfumes had been given him several days ago by a man whom he knew only as "Garney," and whom he met during a drinking party in a Sioux City, Iowa, tavern. A careful investigation of Whitney's effects led the officers to believe that his story was largely fictitious and the police of Cedar Rapids were notified when Whitney stated that he had occupied a room at a hotel in that city recently. In registering at the hotel, Whitney admitted having used the alias "Eugene Larson."

Cedar Rapids police in checking the hotel room, reported having found numerous articles in the room which were believed to have been stolen. The Dixon police in their investigations, also learned that a few days ago, Whitney had expressed packages to himself from Iowa cities to Chicago where he was expected to call for them.

Cattle Rustlers are Sentenced to Oregon

Homer Couthard, 22, and his brother, Grant, 20, today faced one-to-10 year prison terms for cattle rustling.

They pleaded guilty in the Ogle county circuit court at Oregon yesterday afternoon and were sentenced by Judge Leon A. Zick.

A third brother, Robert, 24, also is under indictment on similar charges. A date for his trial has not been fixed.

While the trio was charged specifically in an indictment with the theft of cattle from the Emerald Shuff farm in Lynneville township, the state also accused the young men of stealing cattle in 10 northern Illinois counties. Prosecutors said the three came to Illinois from Pittsville, Wis., and operated in Winnebago, Stephenson, Ogle, DeKalb, Lee, Boone, Whiteside, McHenry, LaSalle and Kane counties.

Heavy Snow In Southern Parts of State Today

Chicago, Feb. 25.—(AP)—A snowstorm moving up from the southwest to the north and lower Great Lakes brought one of the winter's heaviest snowfalls to southern Illinois.

Four inches were deposited at Centralia, Ill., heaviest there this season, and it was still snowing today. There were five inches at St. Louis, Mo., and across the Mississippi river in Illinois. Springfield, Ill., had an inch.

Forecaster H. A. Downs said that the storm area centered over eastern Texas this morning moving northeastward. There were showers and thunderstorms in Texas, Louisiana, Arkansas and in the Mississippi valley; light snow in Oklahoma and Kansas, heavier snow in Missouri, where one traffic death was blamed on the storm, and in southern Illinois and Indiana.

Downs said Chicago would get "several inches" of snow by tonight and there would be snow in eastern Wisconsin, lower Michigan and Ohio as the disturbance moved eastward.

No Severe Cold in Sight

He added that this time there was no severe cold expected in the wake of the storm, since it was moderately warm in the northern Plains and northwestern states.

Wausau, Wis., was the coldest point on the weather map, reporting a minimum of 18 below zero. Other Wisconsin minima ranged from 4 below at Green Bay and La Crosse to 6 above at Milwaukee. Temperatures in the 20s were reported generally in Illinois and Indiana. Cairo, Ill., however, had 32. Chicago had a minimum of 18 above.

Downs predicted rising temperatures tonight or tomorrow throughout the north central states.

Illinois state highway officials ordered out snow plows in the Decatur area, where an inch and a half of snow had fallen and

ILLINI DEFEND UNIVERSITY AS INQUIRY BEGINS

Mass Meeting Declares Drinking Parties are Uncommon

Champaign, Ill., Feb. 25.—(AP)—Five students expelled from the University of Illinois for a midnight carousel which ended in the death of a sophomore companion, were expected to be called as witnesses Monday when the grand jury resumes an inquiry into vice and gambling in Champaign.

The investigation was recessed for the week-end after university officials and students appeared before the jurors at their initial meeting yesterday.

The expelled students accompanied William Spurrier, 20, on a beer-drinking party a week ago. Spurrier was fatally shot when the students attempted to enter a Negro resort. The proprietor of the resort, Mrs. Margaret Strothers, has been charged with the slaying.

President Arthur Cutts Willard, Trustees Harold Pogue and O. M. Karraker, and Attorney Sveinbjorn Johnson, all of the university, were among witnesses before the grand jury. Others who testified were Ed Borman of Metropolis, 21, city editor of the school's newspaper, the Daily Illini; Loren Juhl, 20, of New Holland, and William Dennis, Jr., 20, of Riverside, all students.

Chester Berutti of Wilsonville, Ill., who dropped out of the university recently, also appeared. Berutti recently filed a gambling complaint in City court against Lloyd Pitcher of Champaign.

Students' Mass Meeting

While the grand jury heard the testimony, more than 5,000 students massed in Huff gymnasium to voice their disapproval of conditions in the university community and to demand their elimination.

George Pace, president of the senior class, and head of the student senate, said the meeting was called to vindicate the university and to demand a cleanup of conditions.

Reveal Relief Status Improved in Township

The relief situation in Dixon township is greatly improved over last year, it was revealed today by the records in the office of Supervisor David H. Spencer. In January of this year, the records reveal statistics showing that there were 86 employables listed in Dixon township against 115 in 1938, and 36 classified as unemployed, while last year this classification showed a total of 30. But one institutional case appeared in January of this year against two a year ago.

The situation is greatly improved this year over last from another angle. Within the last month approximately 35 cases have been certified to the WPA rolls and this figure was expected to be materially increased within the near future, the weather permitting the resumption of operations. In January of the present year there were 135 cases listed on the relief rolls against 147 on the same date in 1938.

Application of Order in France Viewed As Direct Slap

Paris, Feb. 25.—(AP)—Thousands of Italian soldiers in France were today for their homeland today in a mass exodus under Premier Mussolini's repatriation order for Italians abroad.

An Italian embassy spokesman said the exodus was "only a beginning."

Italian officials said several hundred Italians were leaving Paris aboard special trains in the afternoon while "nearly 3,000" were returning to their native land from Marseille, Bordeaux and other cities.

Although the movement officially was in response to the repatriation order under which Italians in all lands were being called home, it was viewed in many quarters as a direct slap at France.

Officially, the French government accepted Rome's official reason that the repatriation followed the fascist plan to get most of the Italians living abroad back to work in Italy.

One of Two Things

Despite this reason, the occurrence of the repatriation at a crucial moment in Italian-French relations was viewed by responsible quarters as due to one of two things:

1. Either Italy feared war with France might come soon or;

2. Italy wanted "to frighten" the French into believing she was preparing to back up colonial demands on France with action.

Today's repatriation movement followed by a day a disclosure that Italian residents of Corsica, French island department near the Italian mainland, were returning home. The Italian embassy estimated the number to leave Corsica on Monday at about 1,000.

(Italy estimates the number of Italians living abroad at 10,000,000, a figure which does not take into account naturalizations and includes the children born of Italians abroad.)

(According to this figure there are 992,000 Italians in France, 3,749,000 in the United States, 1,837,000 in Brazil and 1,826,000 under the Italian flag.)

Aboard Special Trains

Italian flags were set up in standards in the Lyon station in Paris as the assembly point for the Italians leaving today aboard special trains.

Despite an Italian embassy estimate that "nearly 3,000" Italians were leaving French provincial cities, reports from the provinces indicated that, counting also those leaving Paris, little more than 1,500 persons would leave continental France today.

At Marseilles, 100 Italians boarded the first special train which left at noon.

Diplomatic sources in Paris pointed out that the decision to repatriate Italian nationals from France at this time dovetailed into the fascist anti-French campaign. The French failed to show any

BUSINESS WANTS PROOF OF CHANGE IN FDR POLICIES

Sec. Hopkins' Plea Made In First Speech Gave Favorable Imprint

Des Moines, Feb. 25.—(AP)—American business men today studied an invitation from Secretary of Commerce Harry L. Hopkins for labor, agriculture and business to join government "on the same side of the table" to work out the nation's economic problems.

In a speech filled with references to "free enterprise," "private investment," and "business confidence," the secretary last night asserted the national administration is out to promote recovery "with all the vigor and power at its command."

"The government earnestly wishes that these things (recovery) be accomplished, and we ask that labor, the farmer and business men join us not across, but on the same side of the table to accomplish our common purpose," Hopkins asserted.

First comment from business circles indicated a favorable reaction, in general. However, there were some who softened their appraisal of Hopkins' plans with a suggestion business wait for a practical demonstration of his program.

First Formal Address
Hopkins' first formal address since joining President Roosevelt's cabinet was made in a business meeting. He was introduced to a Des Moines Economic Club dinner by B. F. Kauffman, president of a bank here. On the other side of the speaker sat W. A. Harriman of Harriman, N. Y., chairman of the Union Pacific Railroad board of directors and chairman of the business advisory council for the department of commerce.

Harriman said the speech "should be encouraging to everyone responsible for the conduct of business." He predicted Hopkins will be "the greatest secretary of commerce we ever had."

In New York, Floyd B. Carlisle, chairman of Consolidated Edison Company of New York, and Wendell L. Willkie, president of Commonwealth & Southern Corporation, commented favorably on Hopkins' speech.

Program Outlined
The secretary outlined a Federal program of encouragement to industry which recommended:
A tolerant attitude by labor in dealing with employers.
Assistance for small business.
Use of utilities as one means of breaking "the log-jam of private investment."

"No general rise in Federal taxes," and amendment of those levies which tend to freeze the necessary flow of capital.
An increased national income to take up the unemployment slack and to balance the budget.
Greater returns to the farmer for his groups.

SMALL CROP OF NEW LAWS

Washington, Feb. 25.—(AP)—The Roosevelt administration's effort to quiet business fears and encourage private investment gained impetus today from a statement by Democratic Leader Barkley of the Senate that he had received word no general anti-monopoly legislation would be offered at this session of Congress.

Barkley told reporters he had received this information from Chairman O'Mahoney (D-Wyo.) of the special committee of legislators and government officials appointed to investigate monopoly and other economic subjects.
Barkley's announcement was one of several apparent indications the crop of new laws turned out at the present session of Congress might be comparatively small.

Another was the statement of Secretary of Commerce Harry L. Hopkins in an address last night at Des Moines, Iowa, that "with the emphasis shifted from reform to recovery, this administration is now determined to promote that recovery with all the vigor and power at its command."

Desire Party Peace

Speaking privately, several Senators said the desire of many Democrats for party peace would tend to hold the session's output of new laws to a minimum.

A survey of pending bills indicated to some veteran lawmakers that, aside from regular appropriation measures, less than a dozen important proposals were likely to be acted upon before the session ended.

These included measures to strengthen the army and navy, modify the Wagner labor relations act, revise the neutrality law, set up a new system of relief and public works, attack the railroad problem, expand the Social Security program and provide for reorganization of Federal agencies.

Survey Completed

The survey was made yesterday by Barkley in a conference with committee chairmen, who include both supporters and critics of the administration.

Barkley predicted the Senate would settle down to a steady pace next week when it begins consideration of the \$358,000,000 army expansion bill, already ap-

Mine Bombing Cases Will Go To High Court

Chicago, Feb. 25.—(AP)—Counsel for 34 men convicted of conspiracy for bombings during the southern Illinois miners' war began preparations today for an appeal to the U. S. Supreme Court.

Defense attorneys at Springfield announced their intention of appealing to the nation's highest tribunal after the U. S. Circuit Court of Appeals yesterday denied a petition for a rehearing.

The Appellate court granted a 60-day stay which would permit defendants to remain at liberty pending an appeal to the Supreme Court.

The defendants were convicted of conspiracy to obstruct the mails and to interfere with interstate and foreign commerce. All were members, or sympathizers, of the Progressive Mine Workers union.

P. M. A. was formed by a group which rebelled against the leadership of John L. Lewis in the United Mine Workers of America in 1932. It now is an A. F. of L. affiliate.

The 34 defendants were sentenced originally to four years' imprisonment and fined \$20,000 each. On appeal the fines were reduced to \$10,000 and the sentences to two years.

Daily Health

BY DR. MORRIS FISHBREIN
Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine

The far-sightedness which comes to most of mankind with advancing years is called scientifically presbyopia, which translated literally means "the old man's sight." This comes on about the age of 40 and slowly increases to reach a maximum about the age of 70.

The gradual decline in the power of accommodation of the eye is due to a loss of elasticity of the lens. As a man grows older, the lens becomes rigid and flat. Thus reading becomes increasingly difficult, and it is necessary to have convex eyeglasses in order to do close work.

The older individual can follow a golf ball or a horse race perhaps better than he could before, but has a hard time seeing objects that are close to him. Gradually the person begins holding his book or his newspaper farther away and holding his head backwards.

At night the difficulty is increased because of poor illumination. Unless something is done, the eyes feel weary after reading, and headaches soon follow.

When a specialist in conditions affecting the eye is consulted, he is likely to prescribe the wearing of convex eyeglasses for all work that is done close to the eye, including particularly the reading of small print.

It is important also for the person who fits the eyes with glasses to know the nature of the occupation of the person concerned. For example, the distance of 13 inches is correct for reading, writing and sewing, but a piano player might require the best vision at a distance of 20 to 35 inches at which point he reads music.

Many people may require one pair of eyeglasses for doing their work and another pair for reading.

It is also important that each of the eyes be fitted according to its condition, because frequently the two eyes differ in construction and effectiveness. Since there may be such trouble as astigmatism as well as the difficulty with the lens, the person who fits the eyeglasses must take account of such difficulties as well. Furthermore, this condition, once begun, increases so that stronger glasses may eventually be required.

Spectacles are one of the greatest contributions to the comfort and usefulness of mankind, but the correct fitting in accordance with the individual concerned is of as much importance as the lenses themselves.

FAVORITE N. U. COEDS

CHICAGO.—(AP)—Mary Virginia Foster of Glencoe, Del. Kelly of Chicago and Frances Sessler of Pontiac were ranked today among the six favorite coeds of Northwestern University men. They were elected by popular vote and awarded places in the 1940 syllabus.

One-fourth of all the families in the United States produced 63 per cent of all children, the Bureau of Agricultural Economics reported early in 1939.

proved by the House. This will be passed by midweek, the majority leader prophesied.

The conference followed by a week a meeting of House Democrats called by party leaders in an effort to restore harmony between administration and anti-administration factions.

While conferees said there was no talk of party differences at the Barkley meeting, it came at a time when Senate Democrats generally were discussing party prospects.

RACKET CHARGES FLY IN CHICAGO MAYORAL DRIVE

Courtney Asks Kelly Be Called as Witness in Skidmore Hearing

Chicago, Feb. 25.—(AP)—Chicago's mayoral primary campaign neared its climax today with Thomas J. Courtney demanding that his opponent for the Democratic nomination, Mayor Edward J. Kelly, be called as a witness in the federal investigation of the income taxes of "the acknowledged czar of gambling in Chicago."

"Bookie - busting" Courtney, state's attorney for Cook county, in a statement yesterday asked that the government call Kelly to determine what he knows about the affairs of William R. Skidmore, reputed millionaire junk dealer, whose income is being investigated.

Courtney termed Skidmore "the acknowledged czar of syndicate gambling in Chicago," and asserted he welcomed "the entrance of the United States government into the investigation of the syndicate in Chicago — the invisible government which controls organized gambling."

Kelly Made No Comment

Mayor Kelly did not comment. "I have called upon Mayor Kelly to match my performance in requesting full disclosure of our income tax returns," Courtney's statement said in part. "Mayor Kelly has refused to take the public into his confidence. I will now ask the government to issue a subpoena for him in the Skidmore case."

The militant state's attorney, who organized six squads several months ago in a campaign against handbooks, reiterated a previous statement that "the syndicate could not operate without the O. K. of the mayor."

The internal revenue department Thursday filed a jeopardy assessment for unpaid income taxes and penalties against Skidmore. The government alleged Skidmore owed \$220,000. The district attorney here was authorized to present the case to a grand jury.

Primary Next Tuesday

Kelly was endorsed yesterday by the Cook county executive committee of labor's non-partisan league, which said "he stands four-square for the working man and woman whose interests are so clearly at stake in the social and economic program of President Roosevelt."

Both Courtney and Kelly were censured in a speech by Dwight H. Green, former U. S. district attorney, who is opposing William Hale (Big Bill) Thompson for the Republican nomination.

Green declared Kelly had permitted the "organized criminal and racketeer" to "entrench themselves."

He said that if Courtney "had the profound interest in our city which he now professes to have, he could have rid our city of its hoodlums and racketeers long ago."

Thompson, a former mayor, declared he would defeat Green by a "great majority."

The primary election will be held Tuesday.

American Embassy Official in Berlin Is Victim Heart Attack

Berlin, Feb. 25.—(AP)—Prentiss B. Gilbert, charge d'affaires at the United States embassy, died last night of a heart attack. He was 55 years old.

Mrs. Gilbert, who was vacationing at Davos, Switzerland, was notified and started at once to return to Berlin.

Gilbert was a native of Rochester, N. Y.

Funeral arrangements were to be made after the return of Mrs. Gilbert.

When last seen by friends not connected with the embassy, Gilbert appeared in the best of spirits. Only a few members of the embassy staff knew of the heart attack yesterday afternoon.

Gilbert had been in charge of the embassy since the departure of Ambassador Hugh R. Wilson November 16 for Washington on the summons of President Roosevelt and Secretary of State Hull.

FIRST TRAFFIC FATALITY

Rockford, Ill.—(AP)—Carl Enquist, 58, was injured fatally last night when struck by an automobile as he was walking in the Seventh street business district. Witnesses told police that Enquist, a former building contractor, stepped in front of a car driven by Walter Kreitzburg, 38, while trying to avoid being struck by another automobile. It was Winnebago's first traffic fatality of 1939.

The consumption of oranges, lemons and other citrus fruits has tended to increase in recent years, while the consumption of apples has dropped.

Radio ownership on the farm is 13 per cent less than in the city but the farmers use their sets relatively more.

FORWARD DAY BY DAY

SATURDAY, FEB. 25
Read Colossians 3:12-23
A POSITIVE LENT
And whatsoever ye do, do it heartily, as to the Lord, and not unto men . . . for ye serve the Lord Christ.

What we win from repentance, refreshment, and recommitment is the power for renewed effort. For Lent is not primarily a time for giving up things, but for doing things. Whatever we give up is given up only that we may have time and means and strength for what is more important.

If our lives are already full, we must make serious plans for prayer and Bible study, for quiet thinking, and for neglected Christian service without letting a lot of useless and frivolous things go by the board. But they ought to be not so much consciously "given up" as unconsciously crowded out. And if we are eagerly interested in where we are going, we shall not worry about what we left behind.

Lent, then, should begin with inspection of self and go on to communion with God, accompanied by decision as to our purposes, culminating in action for Christ's sake.

Inspection, communion, decision, action—these are our guiding watchwords. Whoever enters fully into these experiences comes forth at Easter not exhausted and ripe for a reaction, but ready and more eager than ever to be a closer companion of Christ and a stronger servant of His church.

FIRST SUNDAY IN LENT, 1939

Feb. 26
Gospel for day: St. Matt. 4:1-11

It is written, man shall not live by bread alone but by every word that proceedeth out of the mouth of God.

Thou shalt not tempt the Lord thy God.

Thou shalt worship the Lord thy God, and Him only shalt thou serve.

If we are agreed as to the meaning of Lent, our thoughts for these six weeks ought to be guided by the needs Lent comes to meet.

Having begun by remembering the initial call to repentance, we shall devote the next two weeks to considering the means by which we can win refreshment of the spirit. In other words, we shall think about "the devotional life"—self-discipline, the study of the Bible, meditation, prayer, and the Holy Communion.

But if refreshment brings strength it must issue in action, and the guide to Christian service is to be found in those declarations of Jesus which we may call the Laws of the Kingdom of God. To these we shall then turn for a period of three weeks. Finally, we shall try to interpret the great facts of Holy Week as an answer to the problem of suffering.

ILLINOIS FARMERS INSTITUTE BACKS WALLACE PROGRAM

Macomb, Ill., Feb. 25.—(AP)—The Illinois Farmers' Institute endorsed the Agricultural Adjustment Act of 1938 in a resolution adopted at the closing session of its meeting yesterday.

Cooperation in carrying out the AAA program was urged upon all farmers.

The institute registered opposition to proposals to include agricultural labor under the federal social security act. It also went on record as opposed to direct country buying of livestock, and recommended open competitive markets.

In an address to the gathering Mrs. Florence Fifer Bohrer of Bloomington, a former state senator, advocated consolidation of school districts as a move toward modernization and economy. The institute adopted a resolution in favor of "home rule" in consolidation proposals under home rule each district would decide whether or not to consolidate with others.

Another resolution adopted by the farmers asked the state legislature to appropriate funds to assure livestock men a share in the federal indemnity payments for cattle afflicted with Bang's disease. The measure said the disease cost the Illinois livestock industry \$5,000,000 annually.

FALL PROVED FATAL

Chicago.—(AP)—Mrs. Carrie Stanton Wood, 79, a native of Monmouth, died yesterday of complications which developed after she was injured in a fall. She had been living in suburban Oak Park. She was the wife of Gulf S. Wood, president of a railway supply firm bearing his name. A son, Chester G. Wood, property clerk at the Elgin state hospital, also survives.

ILLINOIS CORN LOANS

Washington.—(AP)—The Commodity Credit Corporation announced yesterday it had loaned \$89,487,683 on 157,117,073 bushels of corn through February 23. In Illinois, loans were made on 36,216,348 bushels.

As many as 225,000,000 bacteria may be found in a single pound of soil.

SENATE ECONOMY ADVOCATES SEEK REDUCED FUNDS

Will Attempt to Trim \$170,000,000 For New Warplanes

Washington, Feb. 25.—(AP)—Economy advocates in the senate joined today in an effort to reduce the \$170,000,000 expenditure President Roosevelt has proposed for new warplanes.

Several said they believed a substantial saving could be made by supporting the house-approved limitation of 5,500 planes for the army. This limit has been raised to 6,000 by the senate military committee.

Senator Burke (D-Neb.) told reporters it was his belief that, if costs could be reduced by mass production of planes, as contended by Secretary of War Woodring and others, this saving should be passed along to the taxpayers rather than be invested in additional craft.

Sensors King (D-Utah) and Holt (D-W.Va.) joined Burke in this stand and all three announced they would support a proposal by Senator Clark (D-Mo.) to restore the 5,500 limitation.

5,500 Planes Enough

Clark, absent when the committee approved the army and air corps expansion bill, asserted army experts had testified a total of 5,500 planes would meet defense requirements.

Woodring urged the committee to remove all limitations and thus permit the army to acquire as many ships as possible with the money congress provides. He said mass production would cut costs so radically there was hope of building beyond even the 6,000 limit with the \$170,000,000 fund recommended by the president.

"If the army says 5,500 planes are enough," said Burke, "let's build them as economically as possible and keep the total expenditure down."

Join Guam Controversy

The economy advocates, prepared to contest for the lower limitation when the bill is called up in the senate Monday, joined also in a controversy over a proposal to revive a \$5,000,000 authorization for air base improvements at the Pacific island of Guam.

The house eliminated this item from a naval air base bill after opponents of the project had declared it would be "a dagger at the throat of Japan."

Holt, Burke and King said they would oppose restoration of the Guam authorization.

Attempt Settlement of Bay Waterfront Strike

San Francisco, Feb. 25.—(AP)—Peace-making machinery went into action today in an attempt to end promptly a dispute which has tied up the bay cities' waterfronts and swept San Francisco with apprehension over the effect on the world's fair.

Mayor Angelo J. Rossi, persuaded representatives of the Dock Checkers Employers Association and the Shipping Clerks' union to resume negotiations broken off Thursday night, preceding the tie-up.

The quarrel originated over standby and overtime pay and the hiring of apprentices among shipping clerks at the eminal terminals in Alameda.

150TH ANNIVERSARY

Washington, Feb. 25.—(AP)—President Roosevelt and Chief Justice Hughes have accepted invitations to address a joint session of the senate and house next Saturday in commemoration of the meeting of the first congress under the constitution 150 years ago.

The ceremonies will be broadcast.

Hitler Hits At 'German-Haters' In Other Lands

Berlin, Feb. 25.—(AP)—Chancellor Hitler and Propaganda Minister Goebbels have joined in acknowledging anti-Nazi opposition in Germany and attacking "German-haters" abroad.

"German-haters abroad and a small clique at home are seeking to drive a wedge between the people and the leadership," Goebbels declared.

"Even atheistic bolshevism fraternizes in this with the Catholic church because both are enemies of authoritarian states."

Threats, said Hitler, "will make no impression on us—should they ever bring the peoples to the madness of a war, we shall never capitulate. The year 1918 will never be repeated in German history."

Hitler declared: "A few opponents still remain but they are dying out."

Goebbels attacked democracies, Jews, Marxists and the church in an article in Hitler's newspaper Voelkischer Beobachter. Hitler last night at the annual gathering in Munich of 1,300 of his oldest followers, observing the 19th anniversary of the formation of the Nazi party program.

"When a man started from this place (the Munich Hofbrau beer hall) 19 years ago with only a few dozen comrades around him to conquer the great reich, often faced by howling, hostile mobs, can you imagine for one moment such a man now howling power would call before threats?" Hitler said. "I never was afraid of them and am not now."

THREATENED SPLIT IN LAWYERS GUILD SEEMINGLY AVERTED

New York, Feb. 25.—(AP)—An incipient split in the National Lawyers Guild over charges of communist influence apparently was averted today.

After a four-hour closed conference with 12 prominent members of the guild, New York State Supreme Court Justice Ferdinand E. Pecora, who precipitated the controversy, last night issued a statement in which he said:

"I have indicated I would continue my membership in it provided I became satisfied that there would be no attempt in the future on the part of any one to use the guild as a medium for advocating communism, fascism, nazism or any of the political philosophies repugnant to the American philosophy."

Justice Pecora, retiring president of the guild, and his followers had threatened to resign after charging the executive board had failed to condemn communism and other "isms" at a recent convention in Chicago. The board rejected the condemnatory resolution on the stated ground that it unnecessary and redundant to the guild's constitutional preamble.

Court Decision Hits Wallace Market Plans

Albany, N. Y., Feb. 25.—(AP)—New York dairy leaders moved hurriedly today to protect existing price structures, while state and federal officials laid plans for speedy appeals to higher courts from decisions invalidating the state's milk marketing program.

United States agriculture department officials said at Washington the question of whether the federal marketing program could be carried on in the face of the adverse court decisions depended on the willingness of producers and handlers to continue on a voluntary basis and on possibility of rapid decisions in appeals.

Cripe-Haenitsch Wedding Vows Are Pledged At Lanark

Miss Ruth Cripe, daughter of Mrs. Deliah Cripe of Mt. Carroll, became the bride of Claude Haenitsch, son of the Frank Haenitschs of Ashton, Thursday evening in a single ring ceremony performed in Lanark by the Rev. L. D. Leatherman, pastor of the Lanark United Brethren church.

Mrs. Chris Johnson, Jr. of Freeport was matron of honor, and Bernell Butts of Franklin Grove was best man.

The bride wore a dress of light Copenhagen blue with an eton jacket and navy accessories. Mrs. Johnson chose royal blue with black accessories.

Preceding the ceremony, Miss Leona Schmidt of Mt. Carroll sang Cadman's "At Dawning," accompanied on the piano by Miss Eleanor Leatherman of Lanark.

A pre-nuptial dinner was served at 7 o'clock in a Mt. Carroll tea room. The couple's wedding was marked by the birthday anniversary of the bride's mother, the bridegroom's mother, and his sister, Mrs. Miller.

Mrs. Haenitsch was graduated from Mt. Carroll high school in 1930 and from the College of Commerce in Freeport in 1931. For the past five years, she has been employed by the Mirror-Democrat in Mt. Carroll.

The bridegroom, who formerly attended the Ashton schools, has been engaged in farming near Ashton with his father.

Following a trip to Evanston, Oak Park and Chicago, the couple will be at home on a farm near Ashton.

Entertain For Visitor From Canadian City

A visitor from the far north and a Dixon family who have much in common are Mrs. R. B. Hutt of Ingersoll, Ont., who has been visiting her son-in-law and daughter, the W. H. Millers of Peoria avenue, and the George Ites family, who returned to Dixon on Ingersoll two years ago. Formerly, Mrs. Hutt and Mr. and Mrs. Ites visited each other's homes frequently in Ingersoll, where all attended St. Paul's Presbyterian church.

Last evening, Mrs. Ites and Mrs. Harry Fischbach were joint hostesses at the Ites home, 308 Chamberlin, complimenting Mrs. Hutt, who plans to leave for her home about the middle of next week. Bunco games were diversion, and at the close of the games, Mrs. Hutt, Mrs. Miller, and Mrs. O. L. Baird were unwrapping prizes.

Other guests besides those receiving prizes were Mrs. J. J. Murphy, Mrs. Roy Randall, Mrs. Harold Cook, Sr., Mrs. Herbert Mulbury, Mrs. Leslie Smith, and Miss Edith Ites.

Grainger and Templeton Meet; Plan Collaboration Of Oriental Selections

When Alec Templeton and Percy Grainger of international pianistic fame met unexpectedly in Dixon last evening, music, naturally enough, was the common denominator of their conversation. And during the conversation, which took place at the Hotel Nachusa, an ambitious plan was evolved by the musicians for collaborating on piano arrangements of Oriental music.

Templeton, whose concert performance in Dixon last year is still a vivid and pleasant memory for those who heard him, his father, Andrew, and Walter C. Larsen, managing director of the National Concert League, were enroute to Chicago, after a Templeton concert appearance in Spencer, Iowa. The 26-year-old English musician says he possesses three volumes of recorded Oriental selections, mostly Balinese, which the two are interested in studying and arranging for piano.

Templeton, who is blind, came to this country from England in 1935. Grainger was born in Melbourne, Australia, in 1882.

Bob Hofmann Is Complimented At Farewell Parties

Miss Elizabeth Davies was presiding at a gay dinner party on Thursday evening, with Bob Hofmann as the special guest. The gathering was a premature "bon voyage" party for Bob, who will be sailing March 3 on the "Normandie" for Switzerland.

Gifts were brought by the guests, who made up a theater party, following the dinner. Miss Davies' guests numbered Jean Netzt, Cary Crawford, Betty Allen, Arnold Swan, Bill Owens, Bruce Palmer, and Bob Hofmann. John Moore will be hosting 14 young Dixons at a supper party tomorrow evening in further compliment to the Dixon high school senior.

OAK PARK GUESTS

Mrs. R. E. Kenney, her son, Bobby, and her son-in-law and daughter, Mr. and Mrs. Owen Smith, have returned to their home in Oak Park, after spending a few days with Mrs. Anna Moore of 308 East Boyd street. Mr. Kenney, whose family formerly resided in Dixon, accompanied the visitors here on Sunday.

Before her marriage in January, Mrs. Smith was Miss Mary Jane Kenney.

SEWING CLUB

Mrs. Lee Rintoul of 612 Dixon avenue was hostess to nine members of the Nimble Thimble club Thursday afternoon. Refreshments were served at the conclusion of the afternoon's sewing.

At their next meeting, at which Mrs. Clarence Sproul is to entertain, the group will be sewing for their hostess at an all-day quilting bee.

Asked about his next concert appearance, after his engagement here last evening, Grainger replied: "I don't remember just where it is—but I'll think of it by the time I'm to appear." He left this morning for Chicago, as his next engagement is to be "near there." Passionately fond of football, wrestling, long walks, "trotting," swimming, and tennis, Grainger says he finds little leisure for any of these pleasures except "trotting." "I used to be called the 'trotting pianist' in London," he recalls smilingly.

"I am not conscious of nerves or ill health in any form," Grainger declares, "and consider that my good luck in these respects are due to my dear mother's instinct for health and insistence upon all that conduces to it. From childhood, she always impressed upon me her belief that an artist's first duty was to keep his health so that he might have an unimpaired vitality to devote to the service of his art and his public. I do not believe that overwork exists as a danger to health provided it does not interfere with sufficient sleep."

TRAVEL CLUB TO VIEW CARIBBEAN CRUISE FILMS

An evening's cruise along Caribbean sea lanes is in store for Foreign Travel club members Thursday evening. Dr. and Mrs. W. A. McNichols of 916 East Fellows street will be entertaining, and will be telling their guests about the seven-day Grace Line cruise which the McNichols family enjoyed during the holiday season.

The travel talk will be illustrated with moving pictures in color.

New Buttons

Last year's suit will look fresh as a spring garden if treated to a set of clever new fruit or vegetable buttons. They are appetizingly realistic in natural colors, or you can let your fancy run away with dull fact and indulge in purple carrots, pink lemons, or charreuse peaches. Anyway, spring is no time to be conservative with color.

BIRTHDAY DINNER

Mrs. Otto Boehme of Dixon entertained at dinner last evening at a Polo cafe, honoring her husband's birthday anniversary. Covers were arranged for Mr. and Mrs. Lyle Piper of Dixon, the Boehmes, and Mrs. Boehme's niece, Miss Marilyn Galor of Polo.

Plan to Organize Charter Chapter, Beta Sigma Phi

Miss Freda Dixon and Miss Doris Smith, national field secretaries of Beta Sigma Phi, non-academic international sorority, are in Dixon this week, interviewing a number of outstanding young women preparatory to establishing a charter chapter here. About ten girls with the required qualifications will be invited to join the charter group.

Beta Sigma Phi is located in 47 states with 813 chapters, and a total membership of 15,000 throughout the United States, Canada, and Hawaii. Its aim is to make an art of life through cultivation of interest in the liberal arts. Its literary program and social activities are so planned that the members are provided ample opportunity to give expression to their feelings and ideals.

Bi-weekly meetings are held for study programs, which are outlined by the national program committee at the organization's headquarters in Kansas City, Mo. Rushing parties are held twice a year, in October and April, the chapter membership eventually reaching the maximum of 25. The age limit is 18 to 30 years, and members of other Greek letter groups may be eligible.

Restrictions on eligibility are not fostered except from the standpoint of admitting only those who are sincerely in harmony with the program; those who will use the program for developing an appreciation for the finer things in life.

In every chapter, an older woman with the proper qualifications is given an honorary membership to act as educational director. International sponsors include Mrs. Wesley Halliburton, mother of the writer, Richard Halliburton; Mrs. Emily Newell Blair of the Good Housekeeping staff; Sally Rogers McSpadden, sister of Will Rogers, and other well known personalities.

The sorority sponsors a tour each summer, holds state and district meetings, owns camps at Three Lakes, Wis., and Kingston, Ont., and sponsors creative contests. Hawaii is to be the destination of this year's tour, scheduled for August.

P-T-A. HOLDS SUPPER MEETING

A scramble supper, followed by a miscellaneous program, entertained members of the Sugar Grove Parent-Teacher association Thursday evening at the school. Jacob Heckman presided during the program, which included the following numbers:

Group singing, led by Mrs. I. B. Potter, music director; vocal solos, Leo Ebert; flag drill and song, the school; guitar solo, Velma Mills; piano solos, Kathryn Shaeffer; harmonica and guitar solos, Earl Burch; accordion music, Jacob Heckman; chalk talk and traveltogue, Harry Thomas.

BRIDGE-DINNER

A scramble dinner was followed by two tables of contract when Mrs. Dave Boos entertained for her fortnightly club Thursday evening. Mrs. Arthur Handell held a guest tally for the card games, which will be resumed in two weeks.

JOINT CELEBRATION

Mr. and Mrs. William Schaefer and Mr. and Mrs. C. C. Buckaloo celebrated the thirty-sixth and thirty-fifth anniversaries of their respective weddings with an oyster supper at Buckaloo home last evening.

Grainger Performance Enthralls Huge Crowd

Eminent Pianist-Composer Concludes Dixon Concert League Series; About 1,100 Music Lovers Applaud

A golden flood of music, pouring from an instrument that was being masterfully played upon by the gifted hands that are Percy Grainger's, held a Dixon Concert League audience enthralled for nearly two hours last evening when the internationally-known pianist appeared in concert in the Dixon high school auditorium. It was a large audience and a decidedly cordial one, responding warmly and applauding vigorously.

The concert brought to an auspicious close this season's series of three programs given under sponsorship of the Concert League. Appearing previously were the Vienna Choir Boys, followed by a joint concert by Lilian Knowles, contralto, and Michael Willomirski, violinist.

There is another program available to League members, however, a concert to be presented by Ida Krehm, pianist, at 8:15 o'clock on Monday evening, March 6, in the Consistory auditorium at Freeport.

There was a delightfully informal air about last night's affair, thanks to Mr. Grainger's generous explanations between his selections—bits of information imparted as casually as if the pianist were chatting with friends for whom he was playing a few favorite compositions in a comfortable living room.

Listening to him play last evening, his hearers, (who numbered close to 1,100), felt at once that Grainger had something to say, and was both able and eager to say it. And when he played classics, (a word which makes many honest business men curl up and sink away to a movie), his genial way of doing them said as plain as words: "Listen to this grand tune! You'll like it," and his hearers did, too, for he made it say something they could understand.

Grainger gave his audience almost everything it could have asked—from the organ-like legato of Bach, (1685-1750), to several compositions by the blue-eyed, Australian-born musician himself. All in all, his program satisfied both musician and non-musician, and also proved a liberal education to the young pianist who's trying to find out how it's done.

The one-man show must have been taxing, though one wouldn't have known it to look at or listen to the pianist. He seemed to have as much energy for his final encore, "Juba Dance" by the young Canadian-American composer, Nathaniel Dett, as he had for the Bach Toccata and Fugue in D minor for organ, with which he began his concert.

The Bach prepared Mr. Grainger's audience for an exhibition of amazing digital dexterity, performed by flying fingers that never fly off the track. His second group was mostly nineteenth-century: Two numbers by Balfour Gardiner, "Sheenadoah," based on a sailor's sea chanty, and "Humoresque"; Debussy's "Reflections in the Water," and "The Fountains" by Ravel, (the descriptive flavor of which Mr. Grainger heightened with an explanation of the "hol-low, watery, marimba-like tones" applied).

With the applause continuing, the artist returned to the platform to play "Wedding Day at Troldhaugen" by Grieg. Several years ago, the pianist spent an evening with the Griegs at their villa, "Troldhaugen," (The Hill of the Trolls), near Bergen, Norway. Mr. Grainger played and Nina Grieg sang, while Edward Grieg listened and composed.

Chopin's Sonata in B Minor, Op. 58, which Grainger told his audience many pianists feel is the greatest sonata ever written for the piano, was a thoroughly satisfying choice for the third group, if one could judge by the applause, which didn't stop until Mr. Grainger came back to play Brahms' immortal "Cradle Song."

Descriptive music, romantic music, and music with strongly marked rhythms made up the last group: "Mississippi Floodtide" and "Spirit of '39," by the 26-year-old ultra-modern American composer, Lewis Slavit; followed by two of the artist's own compositions, "Colonial Song," dedicated to his mother, and "The Hunter in His Career," from W. Chappell's "Old English Popular Music." (In early January, when Grainger played "Colonial Song," in recital at Scarsdale, N. Y., the tribute of standing was paid him. In the composition, the composer has wished to express feelings aroused by the scenery and people of his native land, Australia, and the house rose in a body as an act of neighborly sympathy.)

With the applause continuing again at his concluding group, Mr. Grainger stepped out on the stage for three more encores, an Irish tune from County Derry; another Grainger number, the ever-popular "Country Gardens"; and finally, the "Juba Dance," which sent the huge audience out into the February night, feeling happy, inspired, and ready to meet everything.

Miss Ruthe Beede Becomes Bride of Earl E. Wendel

Miss Ruthe Helen Beede, second daughter of Charles Beede of 1219 North Galena avenue, exchanged wedding vows with Earl E. Wendel of 216 North Galena avenue, elder son of the William Wendels of Decatur, at 4 o'clock this afternoon at the parsonage of the First Christian church. The Rev. James A. Barnett read the single ring ceremony.

Only Mrs. Irene Fenton, the bridegroom's sister, and the bride's father witnessed the ceremony. The bride wore French rose celanese crepe with brown accessories.

After March 1, Mr. and Mrs. Wendel will be at home at 718 First street.

Mrs. Wendel was graduated from Dixon high school with the class of '37, and was formerly employed at the Montgomery Ward store for several years. The bridegroom, a graduate of the Clinton, Ill., high school, and of Chicago Business college, is owner and manager of the Gamble Store agency.

ST. PATRICK'S CLUB

Plans for the dinner-dance they are to sponsor on March 17 will occupy members of St. Patrick's Catholic Women's club at their regular meeting in St. Mary's hall Tuesday evening.

VICE AT CHAMPAIGN

Decision that a committee of the state House of Representatives shall investigate vice conditions at Champaign may come as a surprise to parents throughout the state and nation who send their boys and girls to the Illinois fountain-head of knowledge.

The Champaign-Urbana News Gazette, in a front page editorial, says State's Attorney Fred Hamill should resign. The board of trustees is taking considerable notice of the situation, but we presume the board's concern has been more with the campus and class-rooms than with the sections where book learning is subordinate to questionable entertainment.

It is strange that vice conditions should have arisen so unexpectedly in the university community—if they have. Investigators should determine what conditions led to a sudden influx of bad characters—if it was sudden.

Or, if the committee finds that vice in Champaign-Urbana has thrived since the mind of man runneth not to the contrary, then it seems ridiculous to make such a fuss over it merely because it was made notorious through the murder of a student.

Champaign and Urbana combined constitute a smallish community aside from the university population. Police, city officials, the sheriff's office and the state's attorney could have known if immoral conditions prevailed in certain sections. If they have not been able to learn of these conditions by personal investigation, as duty might dictate, then they could have learned something from students.

Champaign and Urbana officials are in a bad spot. Upstanding citizens with impressionable sons and daughters will say to the board of trustees: "Is it safe to send my children to the University of Illinois?"

This puts the board of trustees in a bad spot, also. Considering the board's power and influence, we suspect that something will be done, and promptly.

But we all ought to realize that the law's prohibitions seldom are able to elevate a community above the standards of its citizens. If there is vice at Champaign it will be taken somewhat in hand; but it cannot be eliminated if there are students who patronize it.

The time to have weeded out Champaign and Urbana vice as it applies to university students was ten to fifteen years ago, and the place was in scattered homes where present students first saw the light of day. We never have heard of a girl who learned the primrose path in Sunday school, nor a lad who learned evil in the Boy Scouts. We do know that children tend to imitate their parents, and that none ever came to harm by following a God-fearing mother and an upright father.

As to Champaign and Urbana as communities, let critics look to their own cities before hurling verbal stones, and after taking a quick survey of these cities, let them examine their own homes.

TECHNIQUE OF AGGRESSION

With the bombing of a railway station perilously close to the heart of British Hong Kong, it becomes evident that the Japanese now have the ball in the game played by the Italo-Jap-German team against the British-French-Russian group.

Mussolini has been demanding some choice bits of northern Africa, and Germany is having difficulties with Poland and other small powers that don't know which way to jump at present. France and Britain have concentrated entirely too much sea power within reach of the Mediterranean. So the Japs grab the ball and make somewhat of a goal with it.

The bombing, no matter what is said by way of apologies, served to remind the British that the Japanese fleet still is intact and ready for action. It is said that our little Nipponese cousins could capture the Dutch East Indies with less than half their navy, and really are itching to do it. The occupation of Hainan island ought to be sufficient warning to the French to keep their fences intact.

It has been the fashion of the Rome-Berlin-Tokio group to keep the sated democracies mystified by intricate forward passes. The British are in perfect agony. If Mussolini gets further concessions in Africa, he will be a greater threat to the empire, and if the Japanese succeed in getting farther south among the Indies the threat to Australia would be such as to require action stronger than words.

Once the British let loose with their navy in the western Pacific, Hitler and Italy will have free play in the Mediterranean and Europe. The Indies, Indo-China, India and such appendages to the empires of the "democracies," it must be remembered, were obtained by aggression.

ARE YOU A HOLOIST?

Here's something else to worry about.

Are you a holioist or a meristicist?

Don't laugh—it's important.

At least it was important to a group of educators who met recently and indulged in a heated but refined controversy on the subject.

So you thought they were diseases, did you?

Well, they aren't. A holioist is an educator who believes a school is responsible for the development of the student's whole personality. A meristicist is one who believes that a school should just teach Johnny algebra, Sanscrit, or the theory of functions, and let him develop his personality free-hand.

It just goes to show how really deep-dish a discussion can get if you attach a four-dollar name to any little old dime-a-dozen idea.

As for the average college student himself, he could probably quickly answer the question of whether he himself was a holioist or a meristicist.

He'd say, "I prefer Benny Goodman! I'll take the saxophone, any day!"

TRIBUTE TO JOHN DEERE

Ralph Young, Washington commentator, contributes the following:

Anton J. Johnson, dyed-in-the-wool farmer-congressman, offered a joint resolution in the House of Representatives a few days ago calling for \$1,000 appropriation to provide a memorial plaque to John Deere, the Illinois blacksmith who invented the self-scouring steel plow. If any man was ever deserving of congressional tribute it is John Deere. To him must go great credit for the development of the midwest. His invention turned a wilderness into the world's greatest agricultural country. Johnson is being commended on all sides for his thoughtfulness.

DANGEROUS SERVICE

THE CHARACTERS

Peter Mallone: Adventurous

Petronella: His young sister.

James: Their childhood friend.

Yesterday: Petronella, finds comfort in James' love.

Chapter 34

IT'S IN YOUR HAND

The announcement of the engagement did not appear in the Times and News. Three months later, in the spring of 1936, there was no hurry, Petronella had said. James agreed with her. Both felt that since they desired their partnership to be permanent, it must be given a trial. Petronella might believe that she could be happy in England, but find the test of quiet days too wearing. Moreover, at first, she had a strong feeling that events would prevent her marriage. But this feeling gradually faded. By the end of the three months, she thought she must have been wrong.

Spring came to Sussex. High winds, and cold, were succeeded by soft days of light clouds and bright sunshine. The wet hedges budded, vivid green. There were birds singing in the forest, a cuckoo calling, pale green silver birches, and masses of wild cherry blossoms. There was such ethereal, breath-taking loveliness and lightness everywhere, that Petronella knew she was happy, and refused to doubt the cause. In their time arrived the first bee, the first butterfly, gipsies on the road again.

She felt lulled, peaceful, secure. This amusing, friendly comradeship with James promised to wear well. It could, and usually did, include a third person, without any feeling that it was an intrusion. She tried to imagine the basis of coming Tamara, if she had been spending a day with Tony. She failed. But then she had been too much engrossed, too ecstatic, too fiercely happy, she told herself wisely. Obviously, loving her only in his casual, practical way, as of secondary consideration, he would soon have made her miserable. James, she realized, was still jealous of Tony's ghost. But as the spring ended, and summer came, his anxiety seemed to disappear. The enthusiasm with which she and Tamara hunted for old pieces of furniture, in the second-hand shops was replaced by a desire to ensure any man that she was intending to marry him.

Until her own doubts sprang to life again. It was the fortune-teller's fault. They went to the Derby. Wanders and the fair, before the racing started, Tamara dragged them to a big caravan, resplendent with much polished brass, red plush, and artificial floral decoration.

"We must all have our fortunes told," she cried. She went first, disappearing gaily up the three steps, into the gaudy wagon. "You're not to listen!" In ten minutes she came dicing out again. "I'm not going to marry for two whole years, and my business ability is going to cause me increasing financial embarrassment."

"That doesn't surprise me," laughed James. "Your turn, next, Petrel."

The fortune-teller was a white-faced, bright-eyed woman. She exuded an odd, musty smell of past meals, cheap black satin, and a strong violet scent. She looked into Petronella's face, and glanced at her hand.

"You've had great variety, and much travel, and seen dark days. You have an old man on young shoulders. Am I right?"

Petronella admitted that possibly she had put the case fairly accurately. She was half-amused, half-disconcerted by this self-revelation from an unsavory stranger. Part of her mind desired to hide all her real feelings, to get outside, laughing, into the fresh air, as soon as possible. But the other part was intensely curious to hear what she had to say.

"He Loves You Truly?"

"There's two gentlemen that love you, one is dark, one is fair. One is in a troubled country, and you'll go to him soon." The cry was forced from her. "No!"

"Yes, you will. It's in your hand," the gipsy resumed in her sing-song voice. "Half against your will, but for good reason, and an unselfish motive. But he loves you truly, and though there will be much trouble you will find happiness."

"With — with the dark haired man?"

"I can't say. But I do know you're buying furniture for a home which will be lived in by another woman. Now, for another shilling —"

"No, thank you. That is enough!"

"Any good," asked James. "I say, you look awfully white, my dear. Is there anything wrong?"

"Do you think there is anything in it?" Petrel asked, shakily.

"Sometimes. Sometimes it's just a pack of lies. What did she tell you?"

"An awful lot of nonsense, I expect."

pet. What else did she say to you, Tamara?"

"Well, I took her to mean you and James were going to present me with that desk we found in Leves, as a birthday present, darling Petrel," she smiled guiltlessly. "She said you helped to choose a piece of furniture, in which you will keep your own stockings?" asked James, mystified.

"Well, it's a desk and it has drawers. You know what I am. And I did rather fail for that desk!"

"Petrel, what did she tell you?"

"I just can't. It was disturbing nonsense, and I'm not going to tell you unless it comes true," she refused blankly. She ought to feel miserable, she told herself, shocked. But her heart was beating fast, as though she had been promised freedom, instead of trouble.

"Your eyes are bright. It can't have been so bad," said Tamara. "You shall have that desk," James promised, curtly.

As James drove her home to the cottage that evening, Petronella asked him suddenly, "James, are you quite certain you want to marry me? Are you quite certain you're happy about us? That you aren't a little in love with Tamara? I want you to be absolutely frank, and truthful."

"Choose Tamara?"

He stared at her. He answered without hesitation. "Good heavens, no! What on earth made you ask that? Choose Tamara, with you here, Petrel, you can't know how proud I am of you. I'm afraid I express myself too badly. I'm not a very passionate lover, my dear, because I know you don't love me. Not as I hoped you would, some day. Tony Lance took that. But I'm absolutely content. If you can be

happy with me—well, surely I don't have to tell you how glad I am to love you? I'm satisfied. You may be very, very happy. I guessed that stupid old gipsy told you you loved one man and were planning to marry another."

"Yes. He gripped her hand tightly in his. Then let's disprove her. Life can't be ruled by emotions, the way she would have it."

"That is so sane, and right, James. If ever I think anything else, it will be madness. Keep me with you." She rested her head against his shoulder, and looked at his profile, against the night sky.

For the moment, the incident seemed to draw her closer to James, in understanding. She did love him. But in a totally different way to that in which she had loved Tony. As the month of June passed, Petronella forgot her misgivings. The house on the Ridge was nearly finished. It would be ready for habitation by October. They would be married about the end of September.

Peter's sudden arrival home for a week at the beginning of July further lulled her into certainty. He had not seen Tony for months, he said. He had been in Spain. Tony was, he believed, in Russia. "You're well out of it," he said, both of her affair with Tony, and of the state of things he had left in Barcelona. She had chosen wisely. Tony was better free. Peter, she realized, was unwilling even to speak of Tony, lest his words might re-awaken what was best left sleeping. So she questioned him only about Spain.

"Is it going to be a big upheaval?"

"Very big."

Peter had been to Tetuan, on his way home. He would talk very little. He must, he insisted, be back in Spain before the fifteenth. He was flying back, in a plane hired for him by the News. Both plane and pilot were to remain at his disposal. "So," thought Petronella, "it is going to be as bad as that."

But Peter did not follow his recipe for Tony's unhappiness. There were three days about which he was uncommunicative, but which she knew he spent with Margold.

As he was packing his suitcase in his room at the cottage, preparatory to leaving again, from the small airport in Kent, where he had procured his machine, he looked up at Petronella.

"Help Margold through, all you can. She's getting a divorce." He told her abruptly. She met his eyes. Peter bent to fasten a strap.

"Will you be glad when I'm safely home?"

Petronella jumped both knees on to his bed, and took the lapels of his coat.

"Very, very glad. She'll have the custody of Jeremy, won't she?" Peter nodded.

"Yes. Don't think I bust that marriage up, Petrel. I didn't."

He was to blame, she thought, for ever allowing Margold's marriage to happen. But it could not help to tell him what time had proved to him. She sighed. "I used to think divorces, like murders, were something that didn't happen in my family. I was wrong."

"Cheer up!"

"I have. Because you'll both be happy. But take care of yourself, darling, in Spain."

"I'll try. There does seem to be a good reason for living!"

Capitol Hill

Some Items Behind the News in National Capital Today

By BRUCE CATTON

Dixon Evening Telegraph Washington Correspondent

Washington, Feb. 25—Administration Elmer F. Andrews is perfectly willing to get tough, if he has to, in order to enforce the wages and hours law. The first grand jury indictment against an offender, just returned at Boston, is a good indication of that.

Nevertheless, the law thus far has met much less opposition than might have been expected. There has been nothing like the tidal wave of litigation that greeted the national labor relations act. No one has gone to court to challenge the law's constitutionality. Mr. Andrews has only gone to court six times to obtain compliance.

Considering the fact that approximately 11,000,000 workers are covered by the act, that record is a trifle surprising.

Not that all is sweetness and light. Some 8000 complaints have been filed by workers. The Wage and Hour Division recently added two dozen field inspectors to its force, giving it a staff of 128 men who spend all their time checking complaints.

HOLDS HIGH CARDS

Maybe one reason the record to date is rather mild is that in any scrap the Wage and Hour Division holds all the aces. It can proceed against an employer in criminal court, and the penalty for an employer convicted can be a fine of \$10,000—or, for a second offense, six months in jail. Or the division can get a Federal court injunction restraining an offending employer from breaking the provisions of the law. If he goes ahead and breaks them then he can be punished forthwith for contempt of court.

Lastly, a worker can himself bring suit to recover minimum wages or unpaid overtime compensation. He can collect twice the sum that is owed him; in addition, the employer can be assessed for the court costs and for "reasonable attorney's fees."

The law went into effect last Oct. 24. It took time to organize the staff, and the work was new to most of the officers; if it hadn't been for that, the whole job probably would have been dramatized.

Scheme was to make the first court case a heart-wringer; to pick out the worst case on the books—preferably one in which poor-but-honest working girls were being exploited within an inch of their lives—and make the welkin ring with it. The second case, then, would be hand-picked with equal care but would be less in the Nellie-the-poor-sewing-girl tradition; it would involve the biggest and most famous company that could be found.

But if the top authorities ever seriously considered this strategy they had to drop it. The job was too big and things moved too fast. The cases on which court action was sought couldn't be hand-picked.

LET'S EXPLORE YOUR MIND

A fascinating pastime with

Albert Edward Wiggam, S. Sc., Author of

"THE MARKS OF A CLEAR MIND."

"The keenest anguish known to human nature is the pain of a new 'idea.' (Bagehot). We hope this column brings you pain."

Answer to Question No. 1 for human nature, however, most men and women are pretty honest and try to play the game of love fair and above board.

Answer to Question No. 3 It is one of the worst habits in the world. Writers who "wait for inspiration" usually keep on waiting. It is work that brings inspiration. I have talked with hundreds of the leading writers and while, of course, they feel more like working some days than others and occasionally have to close up their shops and go fishing or golfing or just plain fooling around, yet they all testify to the fact that plunging in and hammering away is the thing that brings inspiration. So, the way to get that long delayed letter written is to sit down and begin and before you know it the obligation is off your shoulders. The same with any other job.

ed; they had to take 'em as they came.

A few odd cases have cropped out. One employer wanted his workers exempted because they were handicapped. When he was questioned, it turned out that the only handicap he could accuse them of was the fact that they were 40-year-olds. (P. S.: he didn't make it.)

Ten or a dozen civil suits have been filed directly by employees. The Wage-Hour Division doesn't draw cards in those suits; it says that as far as it knows, all of those cases so far have been settled by payment in full.

HERE ARE THE SIX SUITS

So far, the Wage and Hour Division has filed six injunction suits. They include:

SUIT to restrain the Harwood Manufacturing Corp. of New York from paying less than 25 cents an hour to its 400-odd workers in factories at Marion and Christianburg, a. This firm is the biggest yet sued.

SUIT against the Powers Manufacturing Co. of Waterloo, Ia., makers of athletic uniforms. This injunction was granted in a consent decree; the company also agreed to pay \$2200 to employees as difference between what they got and what they should have got since the law went into effect.

SUIT against the Trueworth Manufacturing Co., Inc., of New York, which employ around 100 people in a plant at Jessup, Ga., making shirts and pants.

SUIT against four affiliated laundry and dry cleaning supply companies in Philadelphia—the Sterling Supply Corp., Carso Textile Co., Inc., Crescent Chemical Corp. and Beacon Chemical Corp.—alleging violation of overtime provisions.

SUIT to restrain Race Brothers, of Philadelphia, makers of paper boxes, from violating the wage and hour provisions.

The basketball tournament for the independent teams of the neighborhood was postponed late yesterday due to an epidemic of flu at Mt. Morris. The schedule of games will be resumed on Monday, March 6, with the teams which were to have played last night.

William Eckhardt, son of Mr. and Mrs. August Eckhardt of Rochelle, who is a sophomore at Creighton university at Omaha, Neb., has been interviewed and asked to sign with the St. Louis Cardinals for the coming year. Bill has been active in sports since his grammar school days and after graduating from high school was a member of various teams at the Omaha school.

In the games of The Telegraph's ping pong tournament for the carrier boys last night Robert Waller defeated Billy Zimmerman, 21-11 and 21-3; Dale Wickert trounced Billy Thompson after a struggle, 20-23, 21-17, 21-15; Leonard Zalecki defeated Tommy Love, 21-9 and 21-11; Walter Parker downed Bernard Callahan, 21-21, 21-15, 21-4. Starting the second round of the tournament, Jimmy Traynor defeated Raymond Joynt 21-16 and 21-6 and Donald Hammil downed Leonard Zalecki, 21-16 and 21-19.

We were a little damp on the predictions of the district tournaments at Steward and Franklin Grove. However, we still stay by the one which picked Steward the winner, but Rollo failed to come through. Lee Center tripped us up at Franklin Grove by failing to Stillman Valley, so now it's up to Franklin Grove.

There's a little bug running around the neighborhood upsetting the closing games of the year's basketball schedules. Because of flu epidemics the game scheduled between Rock Falls and Rochelle was called off last night and the Sterling-Morrison game was postponed.

Well, Belvidere won the North Central conference title last night—and to the victor goes the spoils. There's no doubt Belvidere has a classy outfit and it was no fluke that the boys won the crown. Only one defeat marred the record and that—just to refresh your memory—was administered by the Dixon Sharpshooters earlier in the season. It helps cheer the locals in a recollection of the season.

As the Dixon high school's cage scheduled closed the books for the 1938-1939 season last night, special awards should be accorded to the unsung heroes who "warmed the bench" throughout the season but who stayed by through thick and thin. To those fellows who saw but little action in the tilts this year goes a special bow. Somehow, whoever made up the rules of basketball, deemed it wisest to permit only five players from each team on the floor at one time—that's just how things are, we guess.

Fans in this neck of the woods haven't followed the goings and comings of the Prophetstown cage team as much as the happenings of the others assigned to the Dixon regional tournament. So, the Prophets come here riding a dark horse, but a glance at their record shows the nag has a nasty kick. The boys have an imposing record of 18 victories and seven defeats and have rolled up some heavy scores in downing their victims.

Walt Klein of Sparky's team led his mates to two victories over the Potters team last night at the Dixon Recreation bowling alleys with 189-189-279 for 557. Walt is on the right track to the Class A division, all right, all right. Other crackjack games last night were those of Gorman, 213; Moore, 213; Badger, 203; Dwyre, 206 and Detweiler, 201.

District Tourney Finals Tonight

Dixon Ties for 2nd Place in Conference

STILLMAN VALLEY MEETS FRANKLIN GROVE IN FINALS

Winner and Runner-Up To Play in Regional At Mt. Morris

Stillman Valley and Franklin Grove last night won the rights to appear in the regional basketball tournament in Mt. Morris which starts next Wednesday night when the two squads won their games in the semi-finals of the district tournament now going on at Franklin Grove.

According to the state rules both the winner and runner-up of the tournament are entitled to advancement. Tonight the two teams will meet in the finals at 8:00 to determine the championship of the tourney.

In the first game last night Stillman Valley upset the strong Lee Center aggregation, 23 to 21, in a fast and furious contest which ended in a deadlock at the end of the regular scoring time. It was Sturtevant's goal which decided the game in favor of Stillman Valley in the overtime.

Stillman Valley, trailing 12 to 15 at the end of the third period, came back in the closing frame to score nine points to six by Lee Center and knot up the affair. Sturtevant, the Valley center, not only dropped the winning bucket, but was high-point player for his crew with seven points from three field goals and one charity shot.

Gehant, Lee Center guard, was high scorer of the game with ten points from five field goals.

FRANKLIN WINS

Coach John Mitchell's Groves came through the semi-finals unscathed last night after a close game with Byron which gave the Franklin Grove boys the victory, 28 to 25.

A rally by Byron in the last period nearly upset the apple cart, but Franklin had chalked up a substantial 23-14 lead in the first three periods which carried the boys through to the end in spite of being outscored, 11 to 5, in the final stanza.

Zimmerman, Franklin forward, was high point player with ten tallies from five field goals.

A. McNames of the Byron squad sank two field goals and five charity shots for nine points.

Minnesota Five Has Chance To Tighten Battle

Chicago, Feb. 25.—(AP)—The in-and-out Gophers of Minnesota, pre-season favorites for the Big Ten basketball title, have a chance tonight to tighten up the battle for first place honors.

The Gophers invade Bloomington to play the Indiana Hoosiers, winner of eight straight games and leader of the league with only one loss. A Minnesota victory would buoy the title hopes of second-place Ohio State, third-place Illinois and give the Gophers a chance too.

All title contenders were active tonight. Ohio State plays Wisconsin at Madison, Northwestern entertains Illinois at Evanston and Michigan plays Purdue at Lafayette.

Chicago and Iowa, last two teams in rank, were idle.

The Big Ten race ends March 6. After the Minnesota test Indiana engages Purdue and Michigan in that order. Ohio State, the leader's most dangerous rival for the crown, plays the same two teams in the opposite order.

BELVIDERE WINS N. CENTRAL TITLE

Belvidere high school last night downed Mendota, 49 to 20, to win the crown of the North Central conference in the heavyweight division.

The Boone county men took an early lead in the first quarter with 16 points to Mendota's two and from then on to the end of the game the championship was assured.

The Heinzen rolled in the second frame to score 12 points but the champions scored seven more and the half ended with Mendota trailing, 23 to 17.

D. Woods, Belvidere forward, scored 14 points to lead the charge and his teammates, Houdon and Kreamer, scored 12 and 11 counters, respectively.

Belvidere's lightweights trimmed the Mendota reserves in the preliminary game, 20 to 12, to tie with Dixon's ponies for the championship of their division.

ONLY FOUR OF TEN TRACK CHAMPS RATED REPEATERS

New York, Feb. 25.—(AP)—Notwithstanding the durability of Glenn Cunningham, Don Lash and Joe McCuskey, track and field does produce new contenders. Best proof is the fact only four of the ten individual contending champions in the National A. A. U. championships tonight at Madison Square Garden can be rated favorites to repeat.

Two of them, of course, are Cunningham and Lash, seeking his second 5,000-meter crown. The others are Frank Ryan of Columbia and Irving Folvortshy of the New York A. C., the country's most consistent shot putter and 35-pound weight thrower, respectively.

STERLING COMMUNITY TO PLAY IN QUARTER-FINALS OF CATHOLIC TOURNAMENT

Springfield, Ill., Feb. 25.—(AP)—Eight teams survived the first round of the annual state Catholic high school basketball tourney, including the defending champion, St. Bede of Peru.

The quarter-final pairings pit Community High (Sterling) against Routt (Jacksonville), Corpus Christi (Galesburg) meets Spalding (Peoria), St. Bede meets Cathedral (Belleville), and Cathedral (Springfield) against St. Patrick (Kankakee).

The first two games listed are scheduled for the afternoon, the latter two tonight.

The consolation flight for first-round losers got underway this morning.

PURPLE DEFEATS DEKALB IN DULL AFFAIR LAST EVE

Lightweights Win To Share Crown With Belvidere

The soothsayers were right and Dixon defeated DeKalb last night in the final game of the schedule. The conference invasion of the Barbs' court gave the Purple a 37-15 victory, but it wasn't much fun. The whole affair was like watching the victims tossed to the lions.

After, trouncing Mendota here a week ago, the Sharpshooters kept their promise of "better days ahead", but the game last night somehow fell rather flat in spite of the overwhelming triumph. The Dixon lads are showing an improvement in their floor work and offensive attacks look good, but with a total of 34 fouls called all attempts at Class A exhibition were ruined.

Dixon's victory and Belvidere's triumph over Mendota brought an end to the conference race giving the Boone county lads the crown and knotting Dixon and Mendota in a tie for second place honors.

Percentage of .213

Dixon's players made 47 attempts to score field goals and were successful for 10 to make a percentage of .213. DeKalb made three out of 41 shots for .073. Both teams rated high in scoring free throws with Dixon sinking 10 out of 17 for an average of .588 and DeKalb nine out of 16 for .563.

Each team made three points before a single field goal was made in the first quarter. Dixon started the scoring with McNamera's left shot on Youngsteadt's foul. Leifheit scored on Page's infraction and Ronan and Leifheit scored on foul by Youngmark. Bevilacqua made two free throws when fouled by Jarvi.

The first bucket of the game resulted from a long pass down the floor from McNamera to Bevilacqua who was waiting under the rim. Page increased the lead on Mannisto's foul and Bevilacqua scored one of two shots when fouled by Leifheit. Bevilacqua missed when fouled by Jarvi and McNamera followed immediately with an overhand shot from within the circle. The quarter ended with Dixon leading, 9 to 3.

Second Quarter

Shultz dropped one of two gifts shots to start the second stanza. McNamera scored near the basket. Shultz scored again on a foul by Youngsteadt and Blight missed two shots on Page's violation.

Jarvi added on tally for DeKalb on a free throw when fouled by Youngmark and Ronan missed when fouled by Bevilacqua. Shultz, Bevilacqua and Youngmark made free throws in succession on fouls by Cunz, Leifheit and Jarvi and McNamera interrupted long enough to score a field goal from the corner of the floor before Bevilacqua took up the action at the Scotch stripe again with a one-pointer on Blight's foul. Leifheit scored near the bucket for the Barbs as the half ended. Dixon 19, DeKalb 6.

Ronan's basket started the action of the third period and Bevilacqua followed with two field goals in succession and a free throw on Cunz's foul. Jarvi missed on a foul by Bugg and the latter missed on Jarvi's fourth violation. Bugg scored a donation on Leifheit's foul and Bevilacqua scored near the basket. Mannisto missed on Louie's foul as the quarter ended. Dixon 27, DeKalb 8.

Wholesale substituting began in the final quarter during which Bevilacqua, McNamera and Youngmark each got field goals for Dixon and free throws were made by Shultz, Bugg and Kelly who dropped two. DeKalb scored seven points with two charity shots by Blight and one apiece by Youngsteadt, Leifheit Ronan. Blight made DeKalb's only field goal of the period.

Bevilacqua was high scorer of the game with one point more than the whole DeKalb team collected when he dropped five field goals and six free throws for a total of 16 tallies. McNamera made nine points on four buckets and one charity toss.

Lou Ambers Wins In Battle With Baby Arizmendi

New York, Feb. 25.—(AP)—It is always a pleasure to watch little Lou Ambers shake the man off his back, shuffle out and take command of a fight. He did it last night in licking the Mexican Baby Arizmendi, and now looms very largely in the lightweight picture.

In cutting Arizmendi down in 10 bloody rounds, Ambers did what Henry Armstrong couldn't do in five fights and 52 rounds. His left hand cut and bruised Arizmendi's scrambled features and by the end of the ninth, the Mexican was bleeding freely from cuts around both eyes. As the bell rang for the 11th and Arizmendi came out the referee walked in front of him flinging his arms wide in the signal that means, "That's all folks." Officially the end came after four seconds of the 11th.

To the 8,381 who paid \$19.365 to get in the house there wasn't much doubt as to the winner. Indeed, in the sixth round some of the gallery had started to chant, "Arizmendi the human punching bag."

Manager Al Weil will rest Ambers for a month in the south, feed him a couple of soft ones and then send him against Henry Armstrong. The Negro who took the crown from him, some time this spring.

POLO CHAMPIONS TRIM AMBOY FIVE

The Polo high school eagers, champions of the Rock River Valley conference, demonstrated again last night their claim to the crown when they trounced the Amboy invaders, 39 to 23. It was Polo's tenth conference victory with no defeats.

Woodruff, center for the Marcos, led the charge with 14 points from five field goals and four free throws and Griffith and White of Amboy made seven points each for their crew.

In the preliminary game the Dixon high school freshmen defeated Polo's frosh, 15 to 9, and the Polo reserves downed the Amboy lightweights, 18 to 13.

Roosevelt Has—

social problems of today require the cooperation of responsible groups of citizens of all walks of life and the effectiveness of labor in this type of council can only be realized by its fundamental unity of purpose and program.

The president said he did not need to remind the labor leaders of the "great variety of opportunity to be of service which comes to a united labor movement."

"Many of your members," he added, "have spoken to me of these opportunities and many of them also pointed out to me the hazards and dangers to which the labor movement is subject, both internally and from without, if it cannot find a pattern of unity."

He said he wished to reiterate "the sincerity of my belief in labor's capacity to end this breach and my faith in the intention of the wage earners of America to play their part along with all other groups in our community in overcoming our mutual problems and bringing about the good American Democratic life."

"I am sure these results can be achieved if the parties come together with open minds and clear intention to effect genuine peace and harmony in the labor movement."

The president said whatever assistance "we in the government can give you in this matter will be gladly given."

Heavy Snow—

was continuing. The highway department reported heavier snow south of Decatur, three inches at Pana, and light snow north of Decatur.

ALL ROADS OPEN

Springfield, Ill., Feb. 25.—(AP)—The state highway division reported all roads open despite a snowfall which covered about one-half of the state.

The division said the snow ranged in depth from six inches in the St. Louis vicinity to one-half inch at Bloomington. No reports had been received from northern Illinois points.

Snow plows were sent into action when the snow began falling and roads were kept cleared except for about one-half inch packed snow in southern counties. However, the division said the packed coating was not interfering much with traffic.

Today Deadline For Jap Attack On Lushan City

Shanghai, Feb. 25.—(AP)—Today was the deadline for a Japanese assault on Lushan, mountain fastness of stubborn Chinese forces defending Kiangsi province and refuge of 55 foreigners who could not or would not leave.

In view of tense preparations at Kiukiang, 15 miles north of the mountain-top resort of Kuling, military observers believed any attack on the Chinese-defended peak would be merely the prelude to the resumption of the Japanese offensive toward Nanchang, Kiangsi provincial capital.

There were 12 Americans among the 55 persons whose infirmities or other reasons, including a determination to continue relief work at Kuling, caused them to remain behind on Wednesday when 48 other foreigners were escorted to safety through Chinese and Japanese lines.

REPORT BORDER CLASH
Tokyo, Feb. 25.—(AP)—A Domei (Japanese news agency) report today from Harbin, Manchoukuo, said that Soviet Russian forces twice invaded Manchoukuo on Thursday and clashed with Japanese near Manchoukuo.

The first time, the dispatch said, 50 mounted Russians, repulsed in a two-hour battle, left one dead. In the second clash there were no casualties, the advices said.

Convict Indiana Woman of Murder of Principal—Coach of High School

Marion, Ind., Feb. 25.—(AP)—Mrs. Rilla Harrell 44, was convicted today of first-degree manslaughter in the fatal shooting of Paul Bartholomew, 37, Lagro high school principal and coach.

The jury of 10 men and two women returned the verdict after 15 hours' deliberation.

The verdict carries a prison sentence of two to 21 years. Sentencing of Mrs. Harrell was deferred until next week at the request of her counsel.

Mrs. Harrell, who was tried on a murder charge, was outwardly unmoved by the verdict.

Bartholomew, one-armed, was shot fatally November 12 while in Mrs. Harrell's home at Lagro.

The prosecution charged the woman shot Bartholomew because of jealousy over the principal's reported engagement to Miss Marguerite Gillespie, Lagro school teacher.

The defense maintained Bartholomew was intoxicated and that the shooting was accidental.

NAME OMITTED
Inadvertently the name of Edward Vaile, chairman of the last industrial committee of the Dixon Chamber of Commerce, was omitted in the report of the activities of the chamber last year as published in last evening's Telegraph.

Mr. Vaile has been one of the most faithful and tireless workers for the chamber and for Dixon, and the omission of his name from the report is extremely unfortunate.

Morris Slayer Taken Back to Grundy Jail

Morris, Ill., Feb. 25.—(AP)—Elvin Wood, 36, charged with slaying Abner Nelson, 38, a wealthy bachelor farmer, remained in the Grundy county jail today pending action by a grand jury.

Wood was returned here from Joliet last night for additional questioning by State's Attorney S. J. Holderman.

The farmer-prisoner was lodged in the Will county jail after his confession Tuesday as a precaution against violence.

Friends and relatives of Nelson gathered today for his funeral and burial services. The slain man was a life-long friend and lodge brother of Wood.

Circuit Judge Frank Hayes summoned the grand jury to convene at 11 a. m. Tuesday.

Report German Plane Lost in Mediterranean

Berlin, Feb. 25.—(AP)—Lufthansa, German aviation company, announced today a plane carrying 10 passengers and crewmen was lost yesterday somewhere in the Mediterranean.

The plane was on a special flight from Germany. The company said it had not determined exactly where the plane went down.

Mystery surrounded disappearance of the plane, which apparently belonged to the military air force.

Neither its destination nor its passengers' names were divulged by the air ministry.

Lufthansa, Germany's only commercial airline, said the plane was not its property.

ACQUIT HOOSIER OF CHARGED PLOT TO SLAY FATHER

Rensselaer, Ind., Feb. 25.—(AP)—Ralph Myers, 45, of Rensselaer, World War veteran, stood acquitted today of a charge he plotted to kill his wealthy 73-year-old father, George, for \$700 last December 8.

A jury of 11 farmers and a housewife deliberated only four and a half hours last night before freeing Myers of a charge of conspiracy to commit a felony.

State Policemen Fremont Lemler and James Bartlett testified at the trial, which started Thursday, they had posed as "gangsters from Peoria, Ill." to entrap Myers the night of December 8. They said they had been "tipped" by George Parker, Rensselaer youth, that Myers wanted his father done away with. Parker said Myers made a proposition to him and he told police.

Lemler and Bartlett said they and other state officers caught Myers in the act of handing over a \$700 "payoff check."

Myers and his father had been estranged a long time. The father, former owner of the Jasper County Telephone Company and reportedly to be worth more than \$100,000, died of heart disease last January 18 in Bradenton, Fla.

The younger Myers did not take the stand in his own defense. Several character witnesses, however, testified in his behalf.

Prosecutor John E. Hopkins said the elder Myers made a will in 1937 in which only \$1,000 was to be left to the son.

by the government, say research workers of the Federal Writers' Project, W. P. A. An item in the Chicago Daily Journal in 1847 stated that by proclamation of the President a sale of government lands would be held at Dixon the following April. The writer stated that the minimum price of \$1.25 an acre was all that land in the famous Galena lead district would bring.

Expect Quick Collapse
Well-informed diplomatic quarters expected quick government collapse. Their belief apparently was based in part on reports that General Jose Miaja, commander-in-chief in government Spain, had requested a French visa. Advices from Madrid said Miaja had given up his dominant role in the defense forces and possibly had been superseded as commander.

(Although Franco was said to have persisted in his demand for the government's unconditional surrender, it was believed he had given assurances of his intention to set up a government for all Spain and restore the country to normal.)

FRANCE, ENGLAND WORK TO RESTORE PEACE TO SPAIN

Hope to Clear Way for Formal Recognition On Monday

Paris, Feb. 25.—(AP)—France and Britain were making a supreme effort today to restore peace to Spain and clear the way for their formal recognition Monday of the Spanish nationalist regime.

Premier Daladier, who informed the French chamber of deputies yesterday of his intention to recognize nationalist Generalissimo Franco and won a vote of confidence on that proposal, notified the Spanish republican government that France was abandoning it.

Diplomatic sources said the French government, in this final message to Madrid, urged the government of Premier Juan Negrin to give up its "losing" battle.

French press reports from Burgos said French and Spanish representatives, Senator Leon Berard and Foreign Minister Count Francisco Gomez Jordana, had signed three accords concluding negotiations preparatory to French recognition of the nationalists.

The exact nature of the three documents was not made known but it was said they dealt with problems on which recognition hinged.

Lee County's 100th. Anniversary Monday Passes Without Celebration

District Separated From Ogle County Feb. 27, 1839

Monday will mark the 100th anniversary of the establishment of Lee County by act of the Illinois state legislature, and, since there will be no public celebration of the occasion, The Telegraph has asked J. Barry Lennon, one of Lee county's outstanding historians, to prepare a concise history of the steps leading to the action of the legislature. Mr. Lennon's response to this paper's request follows:

BY J. B. LENNON

Lee County will be one hundred years old on February 27th, 1939, and it seems fitting that this anniversary be properly and publicly recognized in some manner, to call the attention of the present generation to this important event in the history of the state.

Lee County was the last of the counties in the Rock River Valley to be organized in its present form—it being set apart from Ogle County by act of the Illinois legislature on Feb. 27, 1839. The territory of Lee County was taken from the northern part of Ogle County, and the southern part of Ogle County.

While it is something of a digression from the subject, it is interesting to note that Lee County has been included in several counties before assuming its present status. In 1779, after the conquest of Kaskaskia and Vincennes by George Rogers Clark, in 1778, the "County of Illinois" was established by legal enactment of the State of Virginia, and the new county, somewhat vaguely described as to boundaries, was attached to that commonwealth—all being known as a part of the Northwest Territory. This enactment was passed in October, 1778, and proclamation of the Act made on June 17, 1779.

John Todd was appointed "County Lieutenant Commandant," and he organized the government, with the County seat at Kaskaskia. This organization was never effectively set up and soon ceased to operate. In 1801, this territory, of which Lee County was a part, was included in St. Clair County, Territory of Indiana. In 1809, the present Lee County was still a part of St. Clair County, but then known as a part of Illinois Territory and this was changed to Madison County, Illinois Territory, in 1812.

In 1815, Lee County was included in both Madison and Edwards counties—the North and South dividing line of the counties placed the Western two-thirds of the county in Madison, and the balance in Edwards County. In 1816, it was included in Madison and Crawford counties, and in 1817 it was embraced by Bond and Crawford counties. This situation obtained when the Territory of Illinois was made a State in 1818. In 1821, the county was included in Pike County. From 1823 to 1825, it was attached to Fulton County, which was changed to Putnam County in 1826. In 1827, Lee County was halved by Putnam and Jo Daviess counties, and in 1831 it was included in Jo Daviess County.

In 1836, the present Ogle and Lee counties were platted as Ogle County, and so remained until February 27, 1839, when they were set apart as at present. We now come to the time of the final severance of Lee County from Ogle. The underlying reason for the separation was the rivalry between the North and South sections of Ogle County for the location of the County seat. The principal contenders being John Phelps, of Oregon City (now Oregon), and John Dixon, of Dixon, Ill. (now the City of Dixon).

In 1836, when Ogle County, consisting of Ogle and the present Lee County, was organized, the first Court convened in the County was held at Dixon, in September, 1837, with Judge Dan Stone presiding and Thomas Ford (afterward Governor of the State of Illinois) was appointed District Attorney by the Judge. In order to retain its county seat privileges against the objections of the Northern part of the County, the Southern part of the County decided to petition the Legislature to be set apart as a separate county. Frederick B. Dutcher, an attorney but lately arrived in Dixon, accompanied by Mr. Smith Gilbraith, a prominent and active resident of Dixon, proceeded to Vandalia to present a petition of the Dixon contingent to the Legislature, praying for separation and organization as a separate county. Upon their arrival at the capitol, they found Judge Virgil A. Bogue, of Buffalo Grove (now Old Town, West of Polo), on hand with a petition, signed by citizens of Buffalo Grove and Grand Detour, remonstrating against the proposed organization of Lee County, and they feared the effect of this opposition. According to the story handed down through the years, Judge Bogue did not have a full list of names, and was anxiously waiting for another petition, with additional signers, through the mails. Becoming aware of this, Mr. Gilbraith presented himself at the postoffice several times, inquiring for mail for Mr. Bogue, and was finally rewarded by receiving the package containing the rival petition, which he promptly pocketed, leaving Mr. Bogue to chafe at the delay, and to wait in vain.

As there was insufficient time to secure a duplication of the names on the petition before the adjournment of the Legislature, Judge Bogue was obliged to depend almost wholly upon the power of speech to win his cause, and here, again, the wily politician for the new county was equal to the occasion. Judge Bogue was a fiery and ardent Abolitionist, and he was encouraged by Messrs. Dutcher and Gilbraith to address a special meeting of the members of the Legislature—they knowing that he would touch on the subject of Abolition if given an opportunity. This he did, and this alienated the sympathies of the anti-abolitionists—of which there were a number in the Legislature—and further injured the cause he was representing, and the Bill was passed creating the Lee County in which we now reside. Mr. Frederick B. Dutcher is generally credited with naming the county in honor of Light Horse Harry Lee, of Revolutionary fame.

Girls Scouts

Juliette Low Club
Meeting to be held at the home of Mrs. J. Davies Wednesday, March 1. All troop Juliette Low members are urged to attend.

City Wide Court of Honor
The monthly court of honor will be held at South Central school Wednesday, March 1, at 3:45 sharp. A representative from each troop, and one mother from each troop is urged to attend. There is a great deal of material to be given out at this meeting, so we should like to urge you all to be on time.

First Aid
The first aid course for Girl Scouts will be started Wednesday evening, March 1st, at 7:00 P. M. sharply at the Katherine Shaw Bethel hospital, in the nurses' class room. Only registered Scouts, having reached the age of 12 or more, will be admitted to this class.

GIRL SCOUT NEWS
Troop I
Our Scout troop was honored to have as guests Mrs. K. Woods, our troop sponsor, and Miss Kelly.

Mrs. Woods talked to us regarding the manner in which we might assist with the camp program. We opened the meeting with a new song taught to us by Mrs. Black, and reviewed two others. We then played a game "Slide Kelly, Slide."

Mrs. Black then made several announcements, one was an invitation to visit the model kitchen at the I. N. U. and have Mrs. Kileen Black, and reviewed two others. We then played a game "Slide Kelly, Slide."

Mrs. Black then made several announcements, one was an invitation to visit the model kitchen at the I. N. U. and have Mrs. Kileen Black, and reviewed two others. We then played a game "Slide Kelly, Slide."

Troop II
Our troop had its regular weekly meeting at Lincoln school. The meeting opened with a game. Our community service project ended with making a contest to see which patrol would have its contribution first. Hazel Louise Emmert, and Jeanne Smith were chosen captains of this contest. Nancy and Bonnie Hoon have charge of the meeting next Thursday.

Troop IV
Our troop had a Valentine party and patrol two decorated the table, patrol one brought punch; patrol three made a valentine box, and our leaders gave us valentines and cookies.

We are happy to have Jane Mc-

ed to election precincts as follows: Gap Grove, Dixon, Franklin, Winnebago and Inlet.

The first session of the Circuit Court commenced in the school house in Dixon, on the third Monday in April, 1840, with Judge Ben Stone, of Galena, presiding, Aaron Wakely, Sheriff, Shelton L. Hall, Circuit Attorney and George W. Chase, Clerk. The first case appearing was Smith Gilbraith vs. Buckner J. Morris, involving rights of property. The first license to sell intoxicating liquor in Lee County was issued to one Rodney Burnett, the fee being 25c for two years, and the first Grand jury indictment in the county was for selling liquor without a license.

The foregoing sketch of the birth of Lee County is not intended to be an exhaustive treatise on the subject, but to provide a sort of skeleton upon which to build a more complete story later, when more time can be taken to run down disputed points appearing in much of the source material. Due credit is given to sundry more or less accurate histories of Lee and Ogle Counties, to the splendid original papers now in possession of Senator Geo. C. Dixon, and to the Illinois State Historical Society.

In Hollywood

By PAUL HARRISON
NEA Service Staff Correspondent
Hollywood — The movies have seen quite a lot of Steffi Duna, but not very often—if you know what I mean. What I mean is that sometimes she dances, with no more material in her costumes than it takes to blindfold a censor.

Miss Duna also acts, when given a chance, and looks very fetching and sultry while about it. Many a great glamor star has been hocus-pocussed into popularity with far fewer advantages, but this actress somehow has always missed the bandwagon.

She has missed it until now, anyway, but it's likely that Hollywood's determined conquest of South and Central America will change her fortunes. All the studios are making or planning pictures with locales in the tamale belt, and Latin types are at a premium.

Of course Miss Duna (pronounced "Doona") is just a Latin type, and typing has been one of her most serious handicaps. She is a Hungarian ballerina who never set toe in Spain or Mexico. She has been almost everywhere else, and she speaks a few languages—but no Spanish. All this is incredible to Latin-American fans, including the Cuban, who

At our last meeting we discussed our "community life" project, and reports are to be made at our next meeting.

Troop V
The date for the homemakers' supper has been definitely settled, and will take place this week. The girls in this group went shopping for the food for this dinner.

We discussed the possibility of having a troop scramble supper, this was planned for March 3, and all of our parents are invited to attend.

The dancing group devoted most of its time to discussing their window project, for Scout Week.

Marilyn Smith, scribe.

Troop VI
As Mrs. Platt was unable to attend our meeting, Mrs. Gorham, one of our troop mothers, took charge. We planned to visit the Beech bakery, and decided to attend Monday evening after dinner.

Following the singing of taps, the meeting was dismissed.

Eileen Herrington, scribe.

Troop VII
Eleanor Jones and her patrol had a patrol supper at the home of Harriet Kallas. This proved to be a very successful dinner. All the food was prepared by the members of the patrol.

We have been devoting most of our time in troop meetings to our window display.

Pauline Bay, scribe.

Troop XI
Our troop had a party the Monday before Valentine's Day. Each girl presented an act. We then played games and sang. Then, through the kindness of Mrs. Fisher, and Mrs. Winebrenner, our troop mothers, refreshments were served.

At our last meeting we divided into two interest groups, one Health and Safety, the other Literature and Dramatics.

applaud her execution of their dances.

It was "La Cucaracha", a Technicolor short of 1935, that gave her a false start. The brilliant little dance film did more than any other else to sell color to the industry and the public, but it also sold its 16-year-old star down the river.

HUNGARIAN MEXICAN
Down the Rio Grande, to be explicit. Thereafter producers thought of Miss Duna as "that little Mexican cutie."

"Dancing Pirate", a color feature about early California in light musical comedy mood, was no help at all. Possibly because it had no star names, nobody seemed to like it except the critics.

Worse yet, Hollywood heard that Miss Duna had been a little hard to manage. Fact was that for five weeks, under the blazing, enervating lights of color films of that day, she was scarcely able to stand on her feet without almost continuous treatments by a masseuse.

In "Anthony Adverse" she played the torrid, homicidal half-caste in the African sequence, and in a few subsequent pictures has been a native gal of one nationality or another. Right now she's a native dancer in a South American cabaret, and with a pretty good part as the second feminine lead who's in love with Lloyd Nolan. Trouble with being a native gal, according to rigid Hollywood formula, is that she never gets her man.

SHES EXTRA MODEST
She dances, though. She dances like nobody's business, unless it may turn out to be some business of the Hays Office. Miss Duna wears a little girl something there, and a little girl something there, and in the middle of her bare middle she wears a rose.

This floral item is intended as a device of concealment, and it actually was suggested by the man who is looking after the picture's problems of censorship. I guess the fellow never has been to a burlesque show or he would know that a strategically-placed rose is, psychologically, a focal index of abdominal mobility.

I forgot to mention that Miss Duna wears a skirt, but it's a negligible and gauzy garment. They had a hard time getting her into this costume because she was tested in a less revealing one. Although she has danced all over Europe from the age of 11, Miss Duna is shy about her legs. They're very fine legs, too, from any point of view. It's just that she's unwilling to be stared at.

She said, "Never in my life have I put on a bathing suit and gone out to be seen in public. In dancing I do not mind the costumes because I love dancing. But to take off something so I can be looked at makes me feel naked."

"Never yet have I posed in a bathing suit for what is called 'leg art.' Even if I want to lie in the sand I go to the women's side of a solarium. My mother says I was always like this. She says that once when I was 10 we were on a holiday in Italy and swimming in the Adriatic, and I got into the water and wouldn't come out until evening and everybody had left the beach. You think this is a funny thing, but I really wish I were not so shy."

The old Romans called the little finger "auricularis" because they used it to remove wax from their ears, or "auricles."

Poet's Corner

"IN MEMORIAM"

In memory of my father, Martin McDermott, who passed away at his home in Harmon on February 22, 1934.

Silently the stars are shining Down upon a single grave, Where lies my father sleeping One I loved but could not save.

He had a smile everyone loved, A heart as good as gold, To those who knew and loved him His memory will never grow old.

But God has given him a home Where there is no pain or sorrow there And we know we'll meet again Over on the mansions fair.

\$10,000 Suit Result of High School Hazing

Joliet, Ill., Feb. 25—(AP)—A suit asking \$10,000 for injuries allegedly suffered during a fraternity hazing hunt was filed in Circuit court yesterday on behalf of Kenneth Loitz, 15, of Beecher, Ill.

The complaint charged that Loitz was taken into a woods by six students of the Peotone high school and hazed. He suffered a fractured skull, the bill charged.

Named defendants in the action were Orville Stadt, Meredith Riechers, Paul White, Kenneth Wehling, Elmer Beske and Richard Boethe, all of Beecher.

Monmouth College to Limit Its Enrollment

Monmouth, Ill., Feb. 25—(AP)—Next year's enrollment at Monmouth college will be limited to 550 students, President James Harper Grier announced yesterday.

Dr. Grier said the board of trustees had decided to limit the enrollment to that figure because it was "about ideal for this type of college; large enough to be representative and still small enough to be efficient."

He said the new ruling would make it necessary to enroll materially smaller freshman classes. The present ratio of 60 per cent men and 40 per cent women will be maintained. The present enrollment is 554.
